Toocki Charging Cable C-C, 1m, PD 60W (Grey)

Looking for even faster charging for your devices? With the Toocki USB-C to USB-C cable, it's possible! This product provides up to 60W of power and supports standards like PD, allowing you to enjoy exceptional efficiency. It's highly durable and features a small built-in display. Additionally, it enables file transfer speeds of up to 480 Mbps.

Rapid Charging

Short on time? No problem - the Toocki cable allows you to quickly charge your phone or other devices. This is achievable due to the power output of up to 60W and support for the PD standard. The product is also backward compatible with PD 30W. You can check the real-time charging power using the built-in display. Moreover, the intelligent chip automatically adjusts the current intensity to protect the batteries of connected devices from damage.

Swift File Transmission

The Toocki cable is also beneficial for individuals who frequently transfer files between devices. It offers an impressive transmission speed of up to 480 Mbps, allowing you to quickly copy all essential photos, videos, or documents. Toocki helps you save time!

Thoughtful Design

The transparent elements made from durable PC material lend the cable an original, modern character. If you appreciate unique designs for your accessories, you'll surely like this solution! The reinforced wire ensures stable transmission and smooth charging, while the nylon braid provides resistance against bending, breaking, and other forms of damage.

Wide Compatibility

This cable allows you to seamlessly charge various devices. It's compatible with smartphones, tablets, and even laptops from well-known brands. It's also suitable for use with portable gaming consoles, desk fans, wireless speakers, and more.
