Wall Charger 45W GaN Ricomm RC451 EU, 1xUSB-C + 2.1m USB-C C

Wall Charger 45W GaN Ricomm RC451 EU, 1xUSB-C + 2.1m USB-C Cable

Charge your devices even faster. The RC451 charger supports GaN technology and provides up to 45W power, which combined with support for standards like PD3.0 or QC3.0 allows you to quickly charge your chosen devices. The product is also very lightweight and portable - you can use it at home and during travels. It's characterized by broad compatibility as well. The package also includes a 2.1m USB-C cable.

Fast Charging

You no longer have to wait too long for your devices to be ready for use - with Ricomm, you'll save time! The RC451 charger provides up to 45W power and supports various fast charging standards, such as PD3.0, QC3.0, FCP, Apple 5V2.4A, or PPS. This will allow you to quickly charge your phone, tablet, and even some laptops in no time.

Safety First

The RC451 model offers not only performance but also safety. The charger is equipped with effective protection against short circuits, overcurrent, overvoltage, and overheating. Don't worry about damaging it! Furthermore, the product is made of flame-resistant PC material, ensuring even greater durability.

Lightweight, Portable Design

Are you going on vacation? Take the charger with you and don't give up on the opportunity for fast charging of your devices when you're away from home! The RC451 model weighs only 95g, and its dimensions are 50.4 x 92.9 x 31 mm. This means it will easily fit into your suitcase, backpack, travel bag, or purse!
