Toocki Charging Cable C-C, 1m, PD 60W (Grey)

Now you can charge your devices even faster. The Toocki USB-C to USB-C cable supports various fast charging standards and delivers a power output of up to 60W. It also enables file transfers at speeds of up to 480 Mbps - no need to wait too long for your photos or videos to reach their destination. The product is known for its high durability and resistance to damage.

Fast Charging

With a power output of up to 60W, the cable can quickly charge your phone, tablet, and even your laptop. The product also supports standards such as PD, QC3.0, and FCP, allowing for even faster charging. Don't wait too long for your devices to be ready for action!

Enhanced Design

No need to worry that the cable will give up on you too soon. The durable braided sleeve protects it from damage, while the high-quality wire ensures robustness and guarantees fast, stable transmission. An additional advantage of the product is the transparent TPE elements at the connectors, giving the cable an original, modern character.
