### Capacitive Stylus Pen Mcdodo PN-8920 for Apple iPad

Unleash your creativity with the Mcdodo PN-8920 stylus pen! With incredibly high sensitivity and precision, you have full control over every stroke, and you can comfortably rest your hand on the screen without worrying about accidental activation of other functions. It adjusts the line width based on the angle of use and features pressure sensitivity for easier shading. It is compatible with multiple Apple iPad models, and its magnetic adsorption allows you to conveniently attach it to your tablet.

### High Precision

The Mcdodo stylus stands out with its exceptionally smooth operation. Its extremely high sensitivity enables precise drawing, writing, and screen manipulation. Whether you're sketching, taking notes, or editing photos, the Mcdodo stylus ensures the accuracy you expect. Advanced technology allows you to comfortably rest your hand on the tablet screen without accidentally triggering other functions. Moreover, it enables quick screen captures!

### Full Control in Your Hands

Adjust the stylus's performance to your needs! The stylus adapts the line width based on the angle at which it is used. It also features pressure sensitivity, giving you full control over the intensity of your drawn lines. This makes achieving the desired shading effect even easier.

#### Up to 18 Hours of Operation

Use the stylus freely for as long as you like! The built-in 130 mAh battery provides up to 18 hours of operation on a single charge. Charging the stylus itself takes approximately 90 minutes. You don't have to worry about the stylus unexpectedly running out of power, as a 3-level LED indicator will inform you of the battery status.
