

2-slot charger Puluz PU919B for GoPro Hero 11 / Hero 10 / He

2-slot charger Puluz PU919B for GoPro Hero 11 / Hero 10 / He

Ref: 5905316147645

Puluz PU919B dual slot charger for GoPro Hero 11 / Hero 10 / Hero 9.

Puluz PU919B is a two-slot charger designed to charge GoPro AHDBT-901 battery pack, which is suitable for GoPro Hero 11 Black, Hero 10 Black, Hero 9 Black cameras. Thanks to its design, with the PU919B you can charge two batteries at the same time, so you can use the saved time to edit videos or relax. The charger has an illuminated battery status indicator, so you'll know right away when it's ready for use. You can use the device with either a USB-C cable or a micro USB cable, which is included in the kit - both of which will work great both at home and on the go.

Easy control of charging status

The Puluz PU919B is equipped with an illuminated battery status indicator, so you'll always know when the batteries are ready for use. This simple but useful addition avoids unnecessary waiting. The charger is designed for efficient charging, ensuring that your batteries are fully prepared for your next recording session.

Versatile and convenient charging options

The Puluz PU919B charger offers flexibility in terms of charging options. You can use either a USB-C cable or a micro USB cable - both are included. This means you can use this charger both at home and on the go, using available power sources. It's ideal for people who travel frequently and need an efficient way to keep their batteries ready.

Exceptional performance and compatibility

The Puluz PU919B charger provides an output voltage of 4.4V and an output current of 800mA, which guarantees efficient and safe charging of GoPro batteries. Compatibility with the HERO 9, HERO 10 and HERO 11 makes the charger a great addition to the kit for filming and photography enthusiasts who own these GoPro cameras.
