Phone handlebar mount Puluz PU8501B

Puluz PU8501B phone holder with handlebar mount.

The Puluz PU8501B phone holder with handlebar mount is a convenient and functional solution that allows you to fully 360-degree adjust the position of your phone. This allows you to position your device at any angle to suit your needs. In addition, the presence of silicone protective straps ensures the safety of the attached phone, minimizing the risk of damage.

Universal mount for different types of vehicles

The Puluz PU8501B mount is perfect for various types of vehicles that have a 20 to 30 mm wide steering tube. Whether you're on a scooter, bicycle or motorcycle, this mount will be a secure and sturdy way to have your phone always at your fingertips. Its versatility makes it an ideal choice for those who value mobility and convenience when traveling.

Complete kit with additional accessories

The kit includes everything you need to mount the mount. In addition to the PU8501B mount itself, you get a clamping part, two screws, an allen wrench, and three elongated fabric strips and one square strip. This is a complete kit that allows you to easily install and customize the mount to your needs.
