Speakers SVEN PS-360, 24W Waterproof, Bluetooth (black)

SVEN PS-360 speaker, 24W waterproof, Bluetooth (black)

Despite its compact design, the SVEN PS-360 speaker hides amazing capabilities. The built-in player allows you to play audio files from a USB drive, while the radio receiver lets you listen to your favorite FM stations. You can also use the wireless Bluetooth connection. The sound quality is impressive - the 80mm drivers operate over a wide range from 70 to 20,000 Hz, and the passive radiators on provide deep and rich bass. The device also stands out with 24 watts of power and will be great for small outdoor events. In addition, dynamic RGB backlighting will create a unique atmosphere, and a microphone input allows you to turn the device into a small karaoke station. A 3,000 mAh battery provides up to 10 hours of use.

High-quality sound

The passive heat sink co-creates exceptional sound, enhancing low frequencies and enriching them with clear, powerful bass. With an exceptional output power (RMS) of 24 watts, you'll experience sound full of deep lows and clear details that together create a balanced sound. The 80mm driver also provides an exceptional listening experience.

Home karaoke and RGB backlighting

Combine the microphone with the speaker and unleash your vocal talent. The control panel lets you adjust the volume level - so you can easily create the perfect performance! Now you can not only enjoy the sound, but also share your voice and create magical moments of

musical expression. You can also enhance your musical experience with lighting effects! SVEN speaker offers a variety of RGB backlighting variants that perfectly harmonize with the sound. From now on, you can easily create a unique atmosphere at any time.

Durable and refined design

Rain won't get in the way of your shared moments with music. SVEN speaker is distinguished by its IPX5 water resistance, so drops of water will not adversely affect its performance. Enjoy the sound of your favorite songs in any conditions. In addition, the practical handle makes it easy to carry the device. You'll also find a strap included, so you can listen to music while walking without having to hold the speaker in your hand.

Stable connection

Bluetooth wireless audio transmission ensures a stable connection to your device. Playing music, podcasts or audiobooks now becomes extremely easy - just pair your smartphone with the speaker and after a few seconds you can enjoy a seamless connection and free playback of your favorite audio content at a distance of up to 10 meters. You can also put two speakers together and create a stereo sound effect using TWS technology. This will make your party unforgettable!

Many possibilities

The built-in FM radio receiver is ready to provide you with a variety of musical experiences throughout the day. Prefer to create a playlist yourself? No problem! The speaker works with USB drives. In addition, you'll find a cable with which you can connect the PS-360 to an audio source if you don't want to use a wireless Bluetooth connection at the moment.
