SVEN 255 USB Speakers (black).

SVEN 255 USB Speakers (Black) are an ideal choice for music lovers who appreciate excellent sound quality, elegant design and an interesting visual experience. Both speakers feature RGB backlighting, which allows you to enjoy an evening's rest in a room enveloped in a colorful glow. There is a volume controller on the cable of the ruler. The device is powered by a cable with a USB connector.

### Output power

One of the key features of these speakers is their output power. With a total RMS power of 6W (2 x 3W), the SVEN 255 USB speakers can fill a room with exceptional sound, regardless of the type of music being played. The two speakers work together harmoniously to create a pleasant sound.

### Materials

The speaker housing is made of durable plastic, which not only guarantees the solidity of the construction, but also makes up the modern design. The black finish adds elegance, matching a variety of interior decorations. Thanks to their minimalist design, the speakers are easy to clean - you'll be able to wipe off dust or disturbance in no time.

### Frequency range

The frequency range of the SVEN 255 USB speakers is 100 - 20,000Hz, which means you are able to hear the many nuances of your favorite music - from deep bass to clear treble sounds. This undoubtedly enables you to experience sounds in a way that approximates their authenticity.

#### Dimensions

The speakers feature compact dimensions, making it easy to find a place on a desk, shelf or other room. With USB/DC 5V, you can connect them to your computer, laptop or other devices for ease of use. The device measures 78 x 119 x 79 mm, with a total weight of 380 g.

#### Joy of use

SVEN 255 USB speakers are not only excellent sound quality, but also aesthetic design and functionality. Whether you appreciate powerful bass or detailed sound details, these wired speakers are sure to meet your expectations, allowing you to enjoy your favorite music in the best quality.
