

Speakers SVEN 380 USB (black)

Speakers SVEN 380 USB (black)

Ref: 6438162014216

SVEN 380 USB Speakers (black).

SVEN's compact 2.0 speaker system will let you enjoy excellent sound quality while listening to music or watching movies. Magnetic shielding eliminates interference and provides clear sound without noise or distortion. It offers 2 ways of power supply - via USB or DC 5V, and thanks to its small size you can easily place it anywhere you want. A knob on the side panel of the right speaker will allow you to conveniently adjust the volume.

High quality sound

The full-range 45mm drivers provide 6 watts of output power - compared to integrated laptop speakers, they'll do a great job with both movie soundtracks and music. With a frequency response of 90-20,000 Hz, no sound will escape your attention - from low bass to midrange to high notes.
