Gaming headphones SVEN AP-G620MV (black)

Experience even more joy from gaming and immerse yourself in unforgettable experiences. The SVEN AP-G620MV gaming headphones are equipped with 40mm drivers, providing excellent sound quality and a high level of immersion. They also feature a detachable microphone that allows you to communicate freely with other gamers. They stand out with their ergonomic design and wide compatibility.

High Sound Quality

The AP-G620MV headphones are perfect for both gaming and enjoying music or watching movies. The 40mm diameter drivers enable you to enjoy excellent sound quality and remarkable detail - now you can effortlessly hear every nuance. Hear approaching opponents, anticipate their attacks, and set new records!

Compatible with Your Devices

Whether you want to play games on a computer, watch a movie on a laptop, or listen to music from a smartphone - SVEN headphones are suitable for almost any situation. Equipped with a 3.5mm jack cable, you can connect them to most well-known brand devices without needing additional adapters. Moreover, the Plug&Play system eliminates the need for complex configurations or driver installations.

Exceptional Comfort

Ensure your desired comfort for hours of gameplay. Weighing only around 320g, the headphones are equipped with soft ear cushions that feel pleasant to the touch and fit snugly, providing passive noise reduction. This enables you to focus on gameplay effortlessly! You can also freely rotate them to adjust their position according to your needs. Additionally, the headphones feature a tangle-resistant cable and a headband with soft padding, enhancing comfort further.

Simplified Operation

The integrated cable remote facilitates headphone operation, allowing you to adjust volume or mute the microphone, for instance. No need to reach for your smartphone or search for settings on your computer every time! Now everything you need is within reach.

Detachable Microphone

Do you often engage in online gaming? Enjoy chatting with friends while gaming? The SVEN AP-G620MV headphones make it easier! They feature an adjustable microphone that captures every word excellently. This enables you to plan tactics for upcoming battles or alert your teammates to danger with ease. But that's not all. If you don't need the microphone for a while, simply detach it to keep it out of the way.
