

Speakers SVEN 290, 5W USB (black-green)

Speakers SVEN 290, 5W USB (black-green)

Ref: 6438162015657

SVEN 290 Speakers, 5W USB (black/green)

Enjoy the deep and clear sound offered by the SVEN 290 speakers. Two 45-millimeter drivers reach a combined power of 5 watts (2 x 2.5 watts), providing rich and emotionally reflective sounds. The frequency response of 100 Hz to 20,000 Hz will allow you to appreciate a wide spectrum of sounds.

Sound that delights

Rediscover your favorite tunes with two 45-millimeter drivers that together generate 5 watts (2 x 2.5 watts) of power. Enjoy an excellent sound spectrum from 100 Hz to 20,000 Hz that reveals the details and feelings hidden in every tune. SVEN 290 speakers will reveal new emotions in music, movies and games.

Intuitive operation

The practical volume control knob on the front panel will allow you to adjust the sound to your preferences. In addition, the LED indicator lets you know when the speakers are ready to go, so you can focus on your favorite sounds!

Refined design

The compact design of SVEN speakers combines style and functionality. They are made of durable ABS material, making them

lightweight yet resistant to damage. Their dimensions are 91 x 123 x 91 mm, and they weigh less than 0.45 kg - so it will fit on any desk or shelf, adding an elegant touch to your interior. The 290 is powered by a USB port, so it always shows readiness to work.

Compatibility

The 290 speakers can be connected to computers, DVD players, mobile devices and other audio sources. Whether you want to enjoy music, movies or games, SVEN delivers exceptional sound quality every step of the way.
