

## Speakers SVEN SPS-611S 36W (black)

Speakers SVEN SPS-611S 36W (black)

Ref: 6438162001926

### SVEN SPS-611S 36W Speakers (black)

The SVEN SPS-611S speakers are a definite step forward in multimedia audio systems. With their output power of 36 watts (2 × 18 watts) and impressive frequency range of 40 to 18,000 Hz, the speakers bring excellent sound quality to the space where you play games, listen to music and watch movies. The thoughtful design of the speakers ensures an even more enjoyable speaker experience.

### Clear sound without distortion

Equipped with a 100mm woofer and a 20mm tweeter, the SVEN SPS-611S speakers offer a wide sound spectrum that includes both low bass and clear highs. Magnetic shielding allows you to enjoy sound without interference, even when surrounded by electronic devices.

### MDF enclosure

Whether you're watching movies, playing computer games or listening to your favorite music, the SVEN SPS-611S speakers deliver rich sound that fills the entire room. Their wooden cabinet not only looks aesthetically pleasing next to your monitor, but also allows for clearer sound thanks to excellent dampening of unnecessary vibrations.

### Thoughtful design

The innovation of these speakers is expressed in the ability to adjust both treble and bass using the knobs on the side panel. The panel

also allows you to adjust the volume intuitively, as well as turn the equipment on and off as needed. An additional audio output allows you to connect an active subwoofer, paving the way for a 2.1 speaker system, giving you even more control over the sound.
