Motorcycle Crab Pliers PULUZ (black)

Ref: 5905316148536

PULUZ motorcycle mount (black)

Want to capture your moments while traveling on a motorcycle, scooter or bicycle? With the PULUZ mount it will be very easy! It is not compatible with any handlebars with a tube diameter of 1.5 to 5 cm, making it universal and very practical. What's more, it's made of the highest quality materials, so it's durable and reliable. Capture even more moments with PULUZ!

Thoughtful design

The PULUZ motorcycle mount is the perfect solution for any photography and filming enthusiast. This versatile mount is designed for a wide range of applications, suitable for handlebars with a tube diameter of 1.5 to 5 cm. What's more, thanks to the universal ball head, you gain full 360° adjustment freedom, allowing you to adjust the mount to your preferred viewing angle. In addition, the 1/4 screw allows you to easily attach your camera or other device, ensuring stability and security while on the go. The non-slip silicone pad guarantees a secure hold on your device, even in harsh conditions. This is an ideal solution for motorcyclists who value not only convenience, but also safety and versatility.

Stability and safety

Stability and safety are the cornerstones of the PULUZ motorcycle mount's design. Thanks to the innovative locking knob, you can rest assured that your camera will hold steady, even when riding over rough terrain. When the knob is tightened, the two ball heads are

firmly locked, ensuring a stable filming angle. This is a key solution for all enthusiasts who want to capture their motorcycle adventures in a way that is not only exciting, but also safe.

#### Wide compatibility

Wide compatibility is a key advantage of this motorcycle mount. Whether you own a GoPro series camera, Insta360, DJI OSMO, or just want to use your smartphone, this gadget is the perfect solution. However, its versatility doesn't end with your choice of device - you can attach it to a scooter, motorcycle, as well as a bicycle, making it an indispensable tool for any lover of outdoor activities.
