

## Set of 3 filters CPL+ND8+ND16 Sunnylife for Insta360 GO 3/2

Ref: 5905316147553

Set of 3 filters CPL+ND8+ND16 Sunnylife for Insta360 GO 3/2

Sunnylife CPL ND8 ND16 Filter Set of 3 for Insta360 GO 3/2.

The set of 3 Sunnylife CPL ND8 ND16 filters is an indispensable tool that brings a new quality to your Insta360 GO 3/2 camera photos and videos. These professional lenses made of the highest quality optical glass imported from Germany allow you to turn up your creative abilities. Included in the set are three filters to make your photos come to life!

Exceptional optical and physical properties

Sunnylife filters are not just ordinary accessories. Their multi-layer coating film ensures that your image will be clear, with realistic colors, while your lens gains protection from scratches, water and oil. It's great for enthusiasts and professionals alike who want to achieve maximum quality in any situation. The filter frame is made of lightweight aircraft-grade aluminum for durability.

CPL filters - highlight natural beauty

The CPL filter is a key component of the kit. It effectively eliminates non-metallic reflections, enhances colors and highlights the beauty of the sky, clouds and water. It is ideal for photography through glass, on water and underwater, delivering exceptional results in a variety of conditions.

ND filters - master light and movement

The ND filter, in three variants (ND4, ND8, ND16), allows you to control the amount of light in a scene, which protects against overexposure and contributes to deeper and more saturated colors. With it, you are able to reduce the shutter speed, creating blur effects that add dynamics to your photos - perfect for capturing flowing water of a waterfall or other moving subjects.

#### High quality

Your Sunnylife filter set is perfectly matched to the Insta360 GO 3/2 camera, ensuring not only a perfect fit, but also precise results. Made of aluminum and optical glass, with a light weight of 0.8g/filter and a compact size of 18 x 4mm, you'll find it convenient to use and carry. You'll also find an elegant case padded with soft EVA foam to keep your filters safely stored on the go
