

Set of 4 filters ND4+ND8+ND16+ND32 Sunnylife for Insta360 GO
Set of 4 filters ND4+ND8+ND16+ND32 Sunnylife for Insta360 GO

Set of 4 Sunnylife ND4 ND8 ND16 ND32 filters for Insta360 GO 3/2.

Sunnylife's ND filters are a great choice for those who want to take their photos and videos to the next level. The set consists of four ND filters of different values, which allow you to gradually reduce the amount of light caught by the device. This makes it possible to increase the shutter speed to capture moving objects, lights at night in an interesting way or simply avoid overexposing the photo. The filters are made of high-quality optical glass and aircraft-grade aluminum to give you the best quality and results.

Protective coating

Using a multi-layer coated film, the filters ensure image clarity, preserving realistic colors. In addition, they protect the lens from scratches, moisture and oil stains. They are the perfect solution for enthusiasts and professionals alike who want excellent quality in every shot. The filter frame is made of lightweight aircraft-grade aluminum, which guarantees the strength and durability of the product.

Complete set

The Sunnylife filter set has been perfectly optimized to work with the Insta360 GO 3/Go 2 camera, ensuring not only a perfect fit, but also great results. The filters are made of aluminum and optical glass, which guarantees not only light weight - only 0.8g - but also compact dimensions of 18 x 4 mm, making them convenient to use and easy to carry. In addition, the set includes an elegant case padded with soft EVA foam, ensuring safe storage of the filters while traveling.
