

## Fast Charger McDodo CH-4151 33W GaN (black)

Fast Charger McDodo CH-4151 33W GaN (black)

Ref: 6921002641517

McDodo CH-4151 33W GaN network charger (black)

The McDodo CH-4151 network charger supports multiple fast charging protocols, and has a charging power of 33W. It is equipped with a USB-A and USB-C port, which allows two devices to renew energy at the same time. With a universal voltage of 100-240V, you can easily use it almost anywhere in the world, and the multi-level protection will ensure safe use.

Fast charging of your devices

You no longer have to wait hours for your smartphone to be ready to use! The charger supports multiple fast charging standards, including PD3.0, QC3.0, FCP or AFC, and its maximum power reaches 33 watts. All this means that you'll charge your iPhone 14 to 60% in just 30 minutes!

2 USB ports for greater efficiency

Now you only need one charger to charge multiple devices! The CH-4151 offers 2 charging ports - USB-A and USB-C, so you can successfully renew the energy of two devices at the same time. You also don't have to worry about compatibility issues. The charger works with multiple devices, so you can use it to charge your phone, tablet, laptop, wireless earphones or even your Nintendo Switch console.

### Innovative GaN technology

The McDodo charger has been developed using innovative GaN, or gallium nitride, technology. It allows the charger to charge your phone, laptop and other gadgets much faster than traditional chargers. GaN also makes the charger smaller and lighter, so you can easily take them with you on business trips or vacations.

### No worries about safety

Charge your devices without worrying about damaging them. The charger is equipped with 8-level protection, which reliably protects against short circuits, excessive power, overcurrent or overvoltage, among other things. An intelligent system continuously monitors the temperature during charging, effectively preventing overheating. What's more, the charger automatically slows down the charging process once the battery reaches 80% charge, helping to prolong its life.

### Manufacturer

McDodo

### Model

CH-4151

### Color

Black

### Material

Fire resistant PC

### Input current

100-240V~50/60 Hz, 0.8A

### Output current

USB-C: 5V/3A, 9V/3A, 12V/2.5A, 15V/2.2A, 20V/1.65A

PPS: 3.3-11V/3A, 33W max.

USB-A: 5V/3A, 9V/3A, 12V/2.5A, 20V/1.5A, 30W max.

USB-C+USB-A: 20W + 12W (32W max.).

### Maximum charging power

33 W

### Dimensions

35 x 36 x 71 mm

### Weight

60 g
