Exterior PTZ Cruiser SE Camera

The PTZ Cruiser SE camera from Imou is an advanced surveillance tool that features a 1/ 2.9" Progressive CMOS camera, 3.6mm fixed focal length, IP66 protection or 16x digital zoom. With its neat, minimalist design, it will fit perfectly into any environment. When the camera detects unusual sound or human presence, it sends alerts to your phone. In addition, thanks to the function of following moving objects and Intelligent Color Night Mode, it won't miss an event, and you'll be better able to see what's going on.

Technology at the Highest Level

It uses H.264 video compression, which allows you to save footage in a smaller format and relieve the network load. You can use SD cards of various capacities, from 64GB to 256GB, which are enough for 4 to 16 days of recording. Alternatively, you can use DVRs with long-term recording capabilities and support for multiple cameras, or cloud recording.

Excellent Connectivity and Image Quality

The camera operates on the 2.4GHz Wi-Fi standard and is equipped with dual antennas, providing a strong network signal with a range of up to 100m in open spaces. 2MP (1920 x 1080) video and infrared recording capabilities ensure clear images regardless of conditions.
