HiFuture FutureMate Pro headphones (black)

FutureMate Pro were created with active people in mind. The wireless connection and thoughtful design are the key to comfortable music listening during intense workouts. The headphones stand out for their efficient performance, effectively reducing background noise and ensuring unhindered phone calls. IPX5 waterproofing is an added bonus, so you don't have to give up running to the beat of your favorite music in the rain.

More freedom when listening

The wireless connection to the sound source is provided by a Qualcomm chip. FutureMate Pro use Bluetooth version 5.2, so you can enjoy stable, high-speed data transmission with a range of up to 10 meters. Leave your phone on the bench at your side and train freely while listening to music without interference.

Powerful performance without wires

The FutureMate Pro headphones provide up to 20 hours of uninterrupted operation on a single charge. They also support fast charging in the case, so you'll have them ready for your next music listening sessions in no time. Your favorite tunes will accompany you wherever you go.

Uncompromised comfort

Discover a new dimension of comfort. The headphones are distinguished by an innovative design that ensures they don't cause uncomfortable pressure, even when you use them for long periods of time. What's more, they guarantee that the inside of your ear and your hearing are completely safe.

Stunning sound quality

The audio technologies in FutureMate Pro headphones deliver high-quality sound that you can lose yourself in. The 15.4-millimeter drivers perfectly reproduce the signal, delivering solid bass and impressively clear mids and highs. With FutureMate Pro, your favorite tunes get new life!

Rugged and waterproof design

Are you training outdoors? Or maybe you got caught in the rain on the way home? With FutureMate Pro, your music can accompany you in any conditions. The IPX5-rated waterproof design means the headphones won't be harmed by drops of sweat or rain, so you can use them without worry regardless of the weather conditions or the intensity of your workouts.

Say goodbye to outside noise

You can forget about annoying background noises. FutureMate Pro support ENC intelligent noise reduction to effectively filter out unnecessary noise. They're also equipped with dual microphones that accurately pick up your voice. This ensures that your phone calls will go off without a hitch, regardless of the conditions around you.
