HiFuture FutureMate headphones (black)

Do you lead an active lifestyle? Don't slow down and discover headphones that keep up with you! The open, wireless design with connection at the back of your head will keep you comfortable during the most intense workouts and keep the headphones in place. Active noise cancellation, on the other hand, will effectively separate you from the noise and allow you to talk on the phone in any conditions. In addition, the long operating time and IPX5 water resistance are perks that allow you to enjoy full freedom!

Phone calls without interference

Are you working out at the gym and waiting for an important call? Noise can make it difficult to talk. FutureMate are equipped with a dual microphone and support ENC noise cancellation, so you can talk in any conditions without worrying that you or your caller will miss the most important thing.

Active all day long

FutureMate can accompany you almost all day long. The headphones use a powerful rechargeable battery, giving them up to 8 hours of battery life. What's more, they support fast charging, so you'll have them ready for more hours with your favorite music or podcasts in no time.

Open design

Take care of your hearing and discover the comfort of FutureMate headphones. Thanks to their open design, they fit in any ear and won't fall out, making them ideal for people who like to listen to music during workouts. What's more, they don't cause uncomfortable pressure, even when you use them for hours during the day. And the safety? Headphones of this type are completely safe for hearing.

Splash-proof

Running in the rain or a demanding workout? Let the music keep you energized. You don't have to worry about your headphones. FutureMate are IPX5 splash resistant, so they won't be harmed by contact with sweat or raindrops.

Wireless and seamless connection

A stable, fast and hassle-free connection is provided by Bluetooth version 5.3. Simply connect the headphones to the audio source of your choice and enjoy your favorite music or phone calls at a distance of up to 10 meters. Enjoy the freedom that FutureMate will give you.
