HiFuture FlyBuds 3 in-ear earbuds (black)

Hear every detail of your favorite songs, talk freely on the phone and play games without lag with HiFuture earbuds. The FlyBuds 3 is equipped with 4 microphones and supports ENC technology. Its operating time reaches up to 30 hours, and its IPX5 water resistance allows you to enjoy the sound of your audio of choice in almost any circumstances. Further advantages are the lightweight and ergonomic design. Touch panels provide convenient operation, and the original design will delight most users. From now on, you will enjoy enhanced bass sound and fast connection (Bluetooth 5.3) without compromise!

Fall in love with music all over again

HiFuture's specially patented technology will make you appreciate the magic of any song anew. FlyBuds 3 earbuds deliver enhanced sound, powerful bass and crystal clear audio. Experience how good your playlist can sound with the right equipment!

Talk anywhere

Need to make an important phone call, but you're in a crowded shopping mall? Or maybe someone is trying to contact you while you're waiting at a train station? With FlyBuds 3, you can talk anywhere without interruption. The earbuds are equipped with 4 high-quality microphones that accurately record your voice. In addition, thanks to the ENC function, background noise is effectively reduced. You don't have to postpone calls anymore!

Lightweight, ergonomic design

Are you often uncomfortable using earbuds for long periods of time? You can say goodbye to this problem for good by opting for FlyBuds 3! Thanks to its exceptional lightweight and refined design, you can listen to music, podcasts or audiobooks all day long, enjoying the comfort you deserve.

Practical touch panels

Reaching for your smartphone to manage your music player or answer an incoming call can sometimes be cumbersome. Fortunately, the HiFuture FlyBuds3 earbuds feature touch panels for convenient operation. Just one touch - now the control is in your hands!

Innovative design

The FlyBuds3 earbuds will perfectly complement almost any style. The set also comes with a charging case that features a transparent design. Thanks to this, you will be delighted not only with the functionality of the equipment, but also with the aesthetic qualities. The manufacturer has taken care of every detail!

30 hours with music

Cut yourself off from your surroundings and immerse yourself in the sounds of your choice whenever you feel like it. HiFuture FlyBuds 3 earbuds can run for 6 hours on a single charge, and the charging case allows you to extend this time for an additional 24 hours, for a total of up to 30 hours.

IPX5 water resistance

Do you play any sports? Or do you often forget your umbrella, which makes you have to walk around without protection from raindrops? In any of these situations you can confidently use FlyBuds 3. The earbuds are IPX5 waterproof, making them perfect for a variety of outdoor activities.

Bluetooth 5.3 and fast pairing

Wireless connection problems are a thing of the past. HiFuture earbuds use Bluetooth version 5.3, ensuring stable and reliable transmission. In addition, the pairing process is extremely fast - thanks to the built-in sensor, the earbuds automatically enter Connect mode as soon as you open the charging case.
