

## TWS EarBuds HiFuture Sonic Bliss (white)

TWS EarBuds HiFuture Sonic Bliss (white)

Ref: 6972576181282

### HiFuture Sonic Bliss in-ear earbuds (white)

Hear every detail with HiFuture earbuds! The Sonic Bliss Earbuds model features an ergonomic design that ensures comfort during any activity. Four built-in microphones guarantee top-quality phone calls. Thanks to Bluetooth 5.3 technology, you'll enjoy a stable wireless connection, and the ENC function allows you to focus on audio under any circumstances. Touch panels provide convenient operation. Also noteworthy are IPX5 water resistance and a long operating time of up to 30 hours.

### Audio at the highest level

Enter the world of exciting high-frequency sounds. Sonic Bliss earbuds combine the tradition of craftsmanship with modern technology, resulting in stunning sound effects. Get ready for powerful bass and immerse yourself in the rhythm without compromise!

### ENC function

Make phone calls freely with HiFuture Sonic Bliss earbuds. Thanks to the ENC function, unnecessary background noises are effectively suppressed, and you can communicate even in noisy places without disturbance.

### Elegant and robust design

The SonicBliss HiFuture design combines elegance with reliability. The earbuds impress with both a stylish, lightweight design that fits

perfectly in your ears and durability. They're also IPX5 water resistant - so you can take them with you on an intense workout without any worries!

#### Up to 30 hours of use

Forget about limitations and listen to your favorite music whenever you want. HiFuture earbuds can give you up to 30 hours in the company of your favorite tunes. Say goodbye to the need to charge your equipment frequently and focus on your audio of choice without worry.

#### Touch operation

SonicBliss offers touch operation, so you can conveniently and efficiently change songs, adjust volume, manage phone calls and more. Bet on convenience with HiFuture!

#### Wireless connection

Thanks to Bluetooth 5.3, you can quickly pair the earbuds with the device of your choice and enjoy crystal clear sound without interference. Ready for the convenience that wireless solutions provide?
