Vention COQBF USB 2.0 A to B Cable 3m (Black)

The Vention COQBF USB 2.0 A to B Cable, 3m in black, is an essential accessory for connecting printers, faxes, scanners, and multifunctional machines to a computer. Made of durable materials, the cable is bend-resistant, ensuring longer life and hassle-free usage. Additionally, the cable offers a data transfer speed of up to 480Mbps and a nominal current of 2A, guaranteeing effective and stable communication between devices. The cable has a lifespan of 3000 insertions and removals, indicating its robustness and durability.

#### High Quality

Vention is known for producing high-quality computer accessories, and the COQBF model is no exception. The black color makes the cable elegant and universal, suitable for most equipment. The 3-meter length allows for flexible positioning of devices in the workspace. The cable is compatible with the USB-A/USB-B interface, enabling easy connection to various types of devices. The reliability and functionality of the Vention COQBF cable make it a great choice for anyone looking for a solid printer cable.
