

## Freewell Eiger Matte Box

Freewell Eiger Matte Box

Ref: 6972971862472

### Eiger Matte Box Freewell

Achieve your desired visual effects and conveniently control lighting parameters during your creative work. Eiger Matte Box Freewell combines optional filters (VND, Gradient, Mist, Steak, Straight ND) into one device. The adjustable carbon fiber top flag minimizes reflections and flares, resulting in excellent image quality. You can easily adapt the accessory to different needs and situations. Its hassle-free disassembly makes it easy and convenient to use. Another advantage is its wide compatibility. The package also includes adapter Cap and adapter Rings in four sizes: 67mm, 72mm, 77mm, and 82mm.

### Wide Compatibility

Eiger Matte Box is a system characterized by versatile integration. The solution offered by Freewell is compatible with insert filters, magnetic filters, and threaded filters. Additionally, it supports the use of the previous Freewell Magnetic Quick Swap System, threaded VND filters, and Freewell Eiger filters, providing a wide range of possibilities to meet diverse needs and streamline work.

### Effortless Disassembly

Removing the sunshade hood is easy thanks to the quick-release mechanism activated by a dedicated button. This allows you to easily exchange accessories and adapt your camera to capture various scenes, increasing flexibility and simplifying your work. With Freewell, you gain full control over your shots!

### Future-Proof Solutions

With Eiger Matte Box, you no longer need to worry about choosing the correct filter thread size. The package includes four adapter rings (67mm, 72mm, 77mm, and 82mm), and the system is compatible with lenses up to 95mm in diameter. There is also an option to purchase an adapter separately for sizes 52mm, 55mm, 58mm, 62mm, and 95mm. Regardless of the lens you currently own or may acquire in the future, Eiger Matte Box will meet your needs.

### Additional Benefits

Opt for the revolutionary Slim Profile Magnetic system, which utilizes Freewell's product. With it, the size of your Matte Box remains unchanged, even when using multiple filters. This ensures maximum convenience without added bulk. Moreover, the accessory provides a slot for a Gradient filter, opening up a world of creative possibilities and allowing you to use VND and Gradient filters simultaneously. Say goodbye to limitations and enjoy complete freedom in expressing your artistic vision.
