

Parking heater HCALORY T01 24V 8KW Diesel

Ref: 5905316148284

Parking heater HCALORY T01 24V 8KW Diesel

Standby Heating / HCALORY T01 24V Heater

The HCALORY T01 24V is a compact heater with dimensions of 38 x 13.5 x 13.5cm, operating on diesel fuel. Its nominal voltage is 24V. With it, you can quickly heat a garage, the interior of a car, van, truck, or use it to help remove frost from windows. The heater is characterized by low fuel consumption, making it environmentally friendly and wallet-friendly. The level of gas emissions complies with Euro IV standards. With the LCD panel, the user can set a timer that turns the device on or off after a specified time. The heater's compact construction allows for easy and quick transport.
