Smart odor eliminator Cheerble

Ref: 6971883204349

Cheerble smart odor absorber

Make sure your pet stays in a fresh and clean environment. The Cheerble Intelligent Odor Absorber works 24/7, combining advanced IntelliSense technology with discreet operation (40 dB). It emits a mist that effectively removes unwanted odors within a 100° range. It uses natural ingredients that guarantee safety and freshness. It also offers several modes of operation and a capacity of 80 ml. In addition, it intelligently detects the presence of your pet, and the touch panel provides convenient operation. The device is charged via a USB-C port, and the 950 mAh battery guarantees long-lasting performance. In the set you will find 2 cartridges with freesia scent.

Reliable performance for the care of your pet

The Cheerble device uses natural ingredients, so its action is not harmful to your pet. In just 24 hours, it eliminates up to 91% of unpleasant substances such as H₂S, as well as 88% of SO₂ and up to 85% of NH₃. The canister effectively neutralizes unwanted odors in a 100° horizontal area, releasing a mist of 7µm particles at a 45° angle. The liquid reservoir has a capacity of 80 ml.

Various modes of operation and convenience of use

Adjust the operation of the Cheerble smart absorber to your needs by choosing one of several available modes. At your disposal will be the Intelligent mode, in which the device works continuously, as well as the Timer, operating in time modes - 2h or 4h. To set the desired mode, just use the intuitive touch panel.

Intelligent pet detection

Cheerble's intelligent odor absorber works continuously to ensure effective elimination of unpleasant odors. With IntelliSense technology and a PIR sensor, it intelligently detects your pet's presence and activates only when your pet leaves the litter box or lair, ensuring freshness where it's needed most.

Quiet operation

The noise level generated by the Cheerble canister does not exceed 40 dB, so it will not disturb your pets or other household members.

Elegant, functional design

In addition to its high functionality, the Cheerble smart canister is also distinguished by its aesthetic design. Its modern and elegant design makes it fit perfectly into any interior, becoming a subtle but important design element. You can place it next to the litter box, on the wall or near your pet's bed. Its installation is smooth and hassle-free. In addition, replacing the scent cartridges will not cause you any difficulties.
