

## Cordless vacuum cleaner INSE N5T

Cordless vacuum cleaner INSE N5T

Ref: 6975907030075

### INSE N5T upright vacuum cleaner

INSE N5T is a cordless upright vacuum cleaner that will make it easy for you to take care of clean surfaces. Thanks to the LED-illuminated brush, you will thoroughly clean hard-to-reach places, and the included accessories will make it easier to vacuum different types of surfaces. What's more, the INSE N5T runs for up to 60 minutes on a single charge and effectively gets rid of dust thanks to its suction power of 12,000 Pa.

### Effective cleaning

Get rid of dirt with INSE N5T. The vacuum cleaner uses a suction force of 12000 Pa and a brushless motor that operates at 80000 rpm. What's more, the filtration efficiency is 99.99%, which prevents secondary air pollution.

### Brush with LED illumination

INSE N5T will allow you to clean surfaces thoroughly. The wide brush is equipped with LED backlighting, which will be useful when vacuuming the space under furniture. What's more, it is suitable for surfaces such as short-pile carpet, wood and tiles. In addition, you can comfortably maneuver the brush when vacuuming the space under a sofa or between chairs thanks to its 150° side-to-side and 90° forward and backward adjustment.

#### Additional brushes included

Clean every nook and cranny with the INSE N5T. The set includes a crevice brush that allows you to reach hard-to-reach places. It will come in handy when vacuuming the gaps between furniture or in your car. On the other hand, you will use the 2-in-1 brush to clean your couch, curtains, upholstery, etc.

#### Lightweight, ergonomic design

The vacuum cleaner weighs about 3.2 kg, so you can use it and move it from place to place without feeling tired. What's more, the wand is adjustable in length from 32 to 54 cm, for convenient vacuuming of higher shelves or curtains.

#### Convenient charging and storage

You can charge the vacuum cleaner's battery in 2 ways: together with the N5T or separately - removing it won't be a problem. What's more, the INSE N5T features a self-storing design, so you can easily store it. You can also use the included wall mount. The choice is yours.

#### Included

- vacuum cleaner
- filter
- crevice brush
