Ref: 6972860174587

Selfie stick / tripod Telesin for sport cameras (GP-MNP-090-

Telesin GP-MNP-090-S selfie stick/stand

Made of aluminum alloy, the Telesin folding selfie stick tripod allows you to create original shots with your sports camera or smartphone. The adjustable length and 180° swivel allows you to get a unique perspective. When folded, the accessory is extremely compact - so you can always have it at hand.

Customize it to your expectations

You can adjust the length of the selfie stick between 20-90 cm. This way you can easily position it to best meet your current needs. The 180° swivel feature allows you to choose your own recording direction. Take a shot from a surprising perspective or take a fantastic selfie - you are only limited by your imagination!

Wide possibilities

The tripod is compatible with many different devices. You will place on it sports cameras such as DJI Osmo Action, GoPro Hero or Xiaomi Yi, and many more. The included phone holder also allows you to conveniently and securely mount your smartphone. With Telesin you are free to record with your favorite equipment!

Solid and functional

A high-grade aluminum alloy was used to manufacture the accessory. As a result, the tripod is very durable, yet lightweight. With the weight of 150 g, it can support devices weighing up to about 1 kg! The product is also extremely handy and portable - when folded, you can easily fit it into a backpack or bag and take it with you on an outdoor trip. Moreover, the included strap allows you to conveniently hang the selfie stick on your wrist.
