Charger and 2 battery pack for GoPro Hero 9 / Hero 10 Telesin GP-BTR-905-GY

This practical kit by Telesin will make it much easier for you to use your GoPro Hero 9 and Hero 10. The charger supports fast charging of up to 3 batteries simultaneously. It will also prove useful as a memory card reader - allows for instant file transfer. It is also extremely lightweight and handy, and thanks to water resistance IP54 you can use it every day without worry.

Enjoy the benefits of fast charging

With fast charging, your action camera will be ready for use again very quickly. With the Telesin device, you can charge up to 3 batteries at the same time - it only takes about 2.5 hours to fully charge them all! This means that you can get back to creating spectacular shots in a very short time.

Charger and TF card reader in one

Do you need a reliable TF card reader? The Telesin brand charger will not let you down either. It supports ultra-fast file transfer protocol over USB. To copy 1 GB of data, it only takes a minute! This multifunctional device will therefore prove indispensable in many situations.

Record unlimited

The batteries you'll find in the kit have a capacity of 1750 mAh, which means they can significantly extend your camera's runtime. They

are fully compatible with the GoPro Hero 9 and Hero 10 - you don't have to worry about errors or other problems. From now on, you can record for long hours without worrying about your equipment draining too quickly!

Fantastic design

□Color □grey

The charger features a stylish yet functional design. It allows you to store 3 batteries and 3 TF cards. It weighs only 147,6 g, and thanks to its compact size you can easily fit it in your backpack or handbag. You can easily transport the device with a short lanyard, with which you can attach it to your bag or hang it on your finger. What's more, the IP54 waterproof rating means you don't have to worry about accidentally splashing the charger.
