

Car Charger Acefast B6 63W, USB + USB-C, with display (black)

Ref: 6974316280972

Car Charger Acefast B6 63W, USB + USB-C, with display (black)

Acefast B6 car charger

Opt for the handy and powerful Acefast B6 car charger to charge your devices quickly and safely. The product is equipped with one USB-A port and one USB-C port, plus it features 63W of power and has an easy-to-read LED display. The B6 charger also has the advantage of broad compatibility with fast charging protocols and compatibility with DC input voltage of 12V-24V.

Fast energy restoration

Are you on the road and your devices have become discharged? Equip yourself with the Acefast B6 car charger, which allows you to charge two devices simultaneously thanks to its 2 ports. The product is compatible with such fast charging protocols as PD3.0, QC3.0, AFC or FCP, so it will quickly charge a wide variety of devices.

Thoughtful design

The Acefast B6 car charger weighs just 40g, and its compact size means the product doesn't take up much space inside the car. Importantly, the B6 has a number of safety features, while a smart chip is responsible for the safe process of renewing energy. A digital LED display is also an advantage - it provides real-time information about charging parameters.
