

Stylus Pen 2 in 1 BlitzWolf BW-SP1

Stylus Pen 2 in 1 BlitzWolf BW-SP1

Ref: 5907489605953

Stylus pen/2in1 from Blitzwolf

This product from Blitzwolf is designed for digital drawing and writing enthusiasts. With the BW-SP1, you can quickly draw precise lines and the smooth stylus will not scratch your tablet screen. The pen is equipped with a magnet, thanks to which it is attached to the tablet. This prevents it from getting lost and allows it to be located quickly.

Palm rejection technology

Thanks to palm rejection technology, you can rest your hand freely on the tablet while drawing or writing without worrying about accidentally exiting applications, etc.

Pixel-precision

The 2mm tip is durable and will not scratch your tablet screen. Draws precise lines without interruption. Quick response to movement is another advantage of this product. The BW-SP1 tip is sensitive and causes no delay. This makes drawing and writing even more comfortable.

Durable battery

The BW-SP1 is distinguished by its long-lasting battery and fast charging. The battery capacity is 110mAh. Thanks to this, the working

time of the device is as much as 12 hours with a charge of only one hour. The pen remains in standby mode for a year and switches off automatically after 5 minutes to save power.

Compatibility

BW-SP1 features wide compatibility. You will use the pen with iPad 7 / 6 / mini 5 / pro 4 / 4 / pro 3 / 3 or capacitive screen.

Design

The BW-SP1 tip is made of plastic so it will not scratch the screen of your tablet. In addition, 2 spare tips are included. The LED indicator shows the capacitive screen or iPad mode and the charging process. You charge the product using the USB-C cable. To switch on the pen, touch the top of the product. In addition, the BW-SP1 is small, with a height of just 165.5 mm.
