Desktop charger LDNIO GaN A4809C 100W

Ref: 6933138600283

Desktop charger LDNIO GaN A4809C 100W

LDNIO A4809C 100W GaN mains charger.
Now you can charge up to 4 devices simultaneously in a short time. The LDNIO A4809C charger is equipped with 4 ports (2x USB-C, 2x USB-A) and uses advanced GaN technology for incredible performance. The product offers a total output power of up to 100 watts and supports various fast charging standards. It also ensures safe use and has a built-in display.

Amazing charging performance
The charger uses GaN technology, so it can deliver impressive performance despite its small size. Both of its USB-C ports offer up to 100 watts of power - you can even successfully use it to power a laptop. The A4809C also supports various fast charging standards, for example, PD3.0, QC4.0, PPS, QC4 , SCP and FCP. So you can restore power to your selected devices in a short time.

As many as 4 available ports
Need to charge more devices? No longer do you have to occupy more outlets or wait for one device to be ready before plugging in the next one! The LDNIO charger allows you to use as many as 4 ports - 2x USB-A and 2x USB-C. So you can charge up to 4 devices at the same time, for example, 2 smartphones, a tablet and wireless headphones. The product is also distinguished by its wide compatibility.

Safety of use

Don't be afraid of damaging the charger or the devices connected to it. Its housing is made of flame-retardant and durable PC plastic. The product has also received a number of advanced safety features that protect it from overload, overvoltage, overcharging, overheating and short circuit, among others. So you can enjoy not only fast, but also safe charging!

Additional facilities
GaN technology has made it possible to significantly reduce the size and weight of the charger. As a result, transporting the device won't be a problem - you can easily fit it in your bag or backpack. The A4809C also has a built-in display that will provide you with information about the current voltage and charging current. Just take a look! You'll also find a practical 1.5m power cable included.
