ESR tempered glass for Samsung S23 Ultra

Do you have a Samsung S23 Ultra? Protect its screen from drops and scratches with ESR! The tempered glass is made of premium materials, distinguished by a high degree of hardness. As a result, it provides protection even against falls from great heights. What's more, the glass is highly transparent and provides natural precision touchscreen operation.

HD image quality

Specially designed for the Samsung S23 Ultra, the glass is distinguished by its extreme transparency, which means that it does not affect the quality of the image displayed on the screen. Protect your phone's screen and enjoy the original image quality!

Impact protection

Daily use will no longer harm your phone's screen. Whether you keep it in your pocket with your keys or fail to protect it from a fall - ESR tempered glass provides professional protection against scratches and impacts, making your phone last longer!
