

Inductive charger ESR HaloLock Kickstand, MagSafe (black)

Ref: 4894240131282

Inductive charger ESR HaloLock Kickstand, MagSafe (black)

ESR HaloLock Kickstand inductive charger, MagSafe (black)

Now charging your phone will be easier than you think! The ESR HaloLock KickStand Inductive Charger provides fast charging with 5W, 7.5W, 10W or 15W of power. It is compatible with the MagSafe standard, and its small and compact design will make it easy for you to store and transport - it certainly won't take up much in your purse. Aluminum alloy was used for its construction, so the charger impresses not only with its high durability, but also with its scratch resistance.

Fast and efficient with up to 15W of power

Don't waste time waiting for your smartphone to be ready to use! The charger offers charging with an impressive power of up to 15W. Thanks to intelligent heat management, it charges even faster than the standard MagSafe charger. It only takes about 2.5 hours to renew energy from 0% to 100%!

The perfect travel companion

Are you going on vacation? Or are you going on a business trip? Take the HaloLock Kickstand charger with you! Its lightweight, compact design makes it easy to fit into your purse or even your pocket - so you'll always have it within easy reach. The charger also features a built-in, foldable stand that allows you to comfortably watch videos, view photos or use your favorite apps while charging your smartphone!
