Safety Carrying Case PGYTECH for DJI Mini 3/ Mini 3 Pro / Mini 4 Pro

Safety Carrying Case PGYTECH for DJI Mini 3/3 Pro/Mini 4 Pro

Make it easy to transport your DJI Mini 3 / 3 Pro / Mini 4 Pro drone and accessories. The PGYTECH waterproof case is very durable - thanks to its solid construction, it can effectively protect the devices placed inside from damage. It is also equipped with small pockets that will help you properly organize your space and keep things in order. The product also has special handles that make it easy to carry.

Robust construction

High-quality PU and EVA plastics were used to make the suitcase. This makes it very durable and resistant to wear and tear. It will reliably protect your drone from damage during transportation! It is also distinguished by its IP44 water resistance. What's more, the well-thought-out design of the case ensures that the devices placed in it remain stably in place - even strong shocks do not frighten them!

Surprisingly roomy

Despite its small size, the case is very roomy. You can easily fit in it not only the drone, but also, for example, the control camera, batteries and charging hub. There are also small pockets that will allow you to conveniently transport cables, adapters and memory cards.
