

Battery/ jump starter Lokithor - 2500A 12V 46Wh

Battery/ jump starter Lokithor - 2500A 12V 46Wh

Ref: 6928493308806

A Battery/Jump starter Lokithor , lithium- 2500A 12V 46Wh.

Accumulator/Jump starter Lokithor is a multifunctional tool with which you can inflate tires, charge your phone, make your engine start and light up your neighborhood. Whether it's a car, motorcycle, boat or camper, Lokithor is ready to take on the challenge. It has the ability to handle 12V vehicles with gasoline engines up to 8.5 liters and diesel engines up to 6.5 liters.

Built-in air compressor

The innovative Lokithor battery offers even more features, including a built-in air compressor. This compressor not only supports tire pressure detection, but also offers a pressure range from 10 to 150 PSI, making it easier than ever to maintain proper tire pressure.

Safety and performance

NTC thermistor technology and advanced microprocessors ensure that the Lokithor battery monitors temperature, eliminating the risk of skin burns. Built-in safety features such as short-circuit, overcurrent and overheating protection ensure peace of mind. Thanks to the LiFePO4 battery, it lasts much longer while taking up less space than traditional lead-acid batteries.

Multifunctionality in one device

The Lokithor Battery Pack also doubles as a power bank, offering USB-A (18W)/Type-C (PD60W) output. This is ideal for charging

smartphones, tablets, laptops, wearables and more. Additionally, with LED light modes, the device can be used as a flashlight, providing different levels of illumination as needed.

Complete kit and impressive specifications

In the kit, you'll find everything you need to get the most out of the Lokithor battery pack. In addition to the device itself, you get starter clamps, a battery bag, an accessory bag, a pump cable, pump tips, a USB-C cable, a USB-A and USB-C cable, and an instruction manual. Lokithor's JA2500 is a guarantee of efficiency and safety, and its specifications, including USB-A/USB-C output voltage, 46Wh capacity, and 2500A peak current, provide impressive support in a variety of situations.

The kit includes:

- Battery
- Starting clamps
- Battery bag
- Accessory bag
- Pumping cable
- Pumping tips
- USB-C cable
- USB-A and USB-C cable
- User manual

- Brand
- Lokithor
- Model
- JA2500
- Initial voltage
- Power
- 60W
- 12V
- Capacity
- 46Wh
- Charging time
- 0.8~1.3h
- Pressure range
- 10~150PSI
- Storage temperature
- -20°C ~ 50°C
- Output voltage
- USB-A: 5V/3A, 9V/2A, USB-C: 5V-20V/3A (max 60W)
- Battery type
- Lithium Iron Phosphate (LiFePO4)
- Peak current
- 2500A
- Luminous flux
- 300 Lumens
- Charging temperature
- 0°C~45°C
- Operating temperature
- -20°C~50°C
- Input

□DC: 12V/5A (60W max), USB-C: 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3A (60W max)
