Ref: 6974316282495

Multifunctional travel wall charger Acefast Z1, 2xUSB-A, 3xU

Multifunctional travel wall charger Acefast Z1, 2xUSB-A, 3xUSB-C, GaN, 67W, US/EU/UK/AU (black)

Do you often travel? Get yourself a charger that will work in almost any country in the world! The Acefast Z1 model comes with several retractable plugs, making it easy to use both in Europe, the United States, and Australia. It also features a universal socket with a power rating of up to 2300W. You also have 5 ports at your disposal - 2x USB-A and 3x USB-C. So, you can connect up to 6 devices to the charger at once! The product also supports fast charging.

The Perfect Travel Companion

This practical charger is perfect for travel. It comes with multiple plugs (US / AUS, EU, UK) - simply slide out the one you need using the convenient slider. This way, you can easily charge your devices in any country in the world! The product is compatible with most popular devices such as smartphones, laptops, or portable gaming consoles. You don't have to worry about it getting damaged quickly - its housing is made of durable, fire-resistant PC material. Furthermore, the universal socket of the Z1 model fits most plugs.

High Performance

The Z1 model uses advanced GaN technology, combining high performance with a compact size. It supports fast charging standards like PD and QC, providing a maximum power output of 75W. This means that your devices can be ready for use in no time! Moreover, the AC socket of the charger offers a power range of 1100-2300W, allowing you to connect selected devices without any issues.
