Arzopa G1 GAME 15.6" 144Hz portable monitor

Are you a fan of games? Do you want to experience the best gaming experience anywhere and anytime? Arzopa's portable monitor can make it possible for you! It stands out with a refresh rate of 144Hz and a 1080P display that provides excellent image quality. What's more, it shows great compatibility with many devices including PS4/5 or Xbox consoles. It is also very thin and lightweight, so you can easily take it with you on any trip.

Excellent quality

The Arzopa G1 GAME portable monitor has been created with the utmost care to give you the best gaming experience possible. To ensure that your gameplay is always smooth, it features a refresh rate of 144 Hz. It also guarantees excellent image quality, as it is equipped with a high-resolution 1080 P display. What's more, the 178° wide-angle IPS panel maintains unique colors and contrasts. In addition, it will effectively reduce the damage caused by blue light radiation, protecting the eyes during long gaming. It won't flicker, either. With Arzopa, your gaming experience will be at the highest level!

Comfort of use

The G1 Game Arzopa was created with comfort in mind, so it is ultra-thin (its thickness is only 0.3 inches) and lightweight. This makes it easy to take it with you on any trip. In addition, it has built-in dual speakers, with which you can enjoy powerful and clear sound. What's

more, it's also equipped with a 3.5mm audio input. You also don't have to worry about whether there will be access to an outlet at your location, as the Arzopa monitor doesn't need to be connected to a power supply - all you need is a signal cable! Enjoy the convenience of use, no matter where you are!

Wide compatibility

The Arzopa monitor demonstrates wide compatibility with many devices. It will work well with most laptops, PCs, smartphones and any gaming device like PS4/5, Xbox or Switch. What's more, it will provide convenience as it is equipped with mini HDMI ports and two USB-C ports. With Arzop, you don't have to limit yourself anymore!

Convenient operation

The G1 Game is not only a practical device, it is also convenient to use. The monitor allows you to display the image equally vertically and horizontally, so you can use it the way you like it best. What's more, its housing exhibits scratch resistance. This makes it safe for you to use it anywhere!
