USB-C to USB 3.0 adapter, Mcdodo OT-6550 (orange)

Ref: 6921002665506

USB-C to USB 3.0 adapter, Mcdodo OT-6550 (orange)

USB-C to USB 3.0 adapter, Mcdodo OT-6550 (orange)
Mcdodo OT-6550 is a practical USB-C / USB-A adapter that will make it easy for you to charge your devices and transfer files at speeds of up to 5Gbps. It stands out for its wide compatibility and is very easy to use - it does not require the installation of additional drivers. At the same time, it is extremely lightweight and compact - you can always carry it with you.

Wide compatibility
The adapter is compatible with most commonly used devices. Its USB-A connector allows you to plug it into a computer, charger or powerbank, for example. The USB-C port, on the other hand, allows you to connect your smartphone, hard drive, headphones and more. The possibilities are almost endless!

Multiple uses
You will find this practical accessory useful for a variety of applications. For example, you can connect it to a USB-A charger to charge your chosen devices faster. The adapter also supports the USB 3.0 standard, allowing you to transfer files at speeds of up to 5Gbps. That means it only takes about 1 second to copy 50 photos, and about 10 seconds to copy 30 music tracks.

User-friendly

Don't waste time on complicated configuration or installing additional drivers. The adapter is extremely easy to use - just plug it into your computer. The device is also distinguished by its compact design and weight of only about 3g. So you can easily take it with you to work, university or the library - you can easily fit it in your bag, backpack or even in your pocket!
