Cable USB-C to USB-C Mcdodo CA-3454 90 Degree 1.8m with LED (purple)

Cable USB-C to USB-C Mcdodo CA-3454 90 Degree 1.8m with LED (purple)

The flat angled cable Mcdodo CA-3454 is the perfect option for gamers, people who frequently watch movies on their smartphones, and more. Its connector is curved at a 90° angle, allowing you to comfortably use your phone while charging - nothing will stick out or get in your way. Furthermore, the product provides a power output of up to 65W and supports the PD standard. It is also distinguished by its durable and damage-resistant construction.

Fast Charging, Fast Data Transmission

The cable supports fast PD 65W charging, so you don't have to wait too long for your devices to be ready for use again. The CA-3454 model is compatible with smartphones, tablets, laptops, and even consoles like the Nintendo Switch - say goodbye to limitations. You can also transfer files at speeds of up to 480 Mbps using it. Now, your photos, videos, or documents will reach their destination in the blink of an eye!

Enhanced Construction

The flat design and the use of high-quality PVC material make the CA-3454 cable highly durable and resistant to damage. It can withstand multiple bends without a problem! Reinforced copper wires ensure faster charging, stable transmission, and greater resistance to interference, while specially designed connectors offer high durability. In addition, transparent elements and a blue LED indicator give

the product a modern, stylish character.
