

## Smartwatch Remax Watch8 Black

Smartwatch Remax Watch8 Black

Ref: 6954851202684

Remax Watch8 smartwatch (black)

The smartwatch is equipped with a 2.5D Retina display, providing convenient access to functions and settings. What's more, it stands out for its long battery life and wireless charging. It offers several sports modes and monitors heart rate and sleep. It also supports Siri and Alipay and has an 8762DT chip, which translates into efficient operation of the device.

Will let you take care of your fitness

The smartwatch offers several sports modes, including running, soccer, tennis, cycling and basketball. It counts the number of calories burned, steps taken and distance traveled. In addition, the Remax Watch8 is waterproof, so you can use it freely during intense workouts or adverse weather conditions.

For the sake of your health

Remax Watch8 is your personal assistant that will make it easier to take care of your health. The smartwatch measures heart rate, blood saturation, blood pressure and body temperature. In addition, it monitors sleep, recording its length and quality - so you can eliminate harmful habits faster.

Plenty of useful features

This is not the end of the advantages of the Remax Watch8. The smartwatch offers such functions as GPS, stopwatch, calculator, breathing exercises, and music player. What's more, it allows you to take photos remotely, check the weather forecast, and makes it easy to find your smartphone if you forgot where you put it. It also provides access to a menstrual calendar.

#### Easy operation and convenient shopping

Using the smartwatch will not cause you any problems. The smartwatch is equipped with a Retina 2.5D touchscreen display, which provides convenient access to functions and settings. You can also customize the dial pattern and menu design. What's more, the smartwatch supports the Siri voice assistant - a simple voice command is all it takes to activate the desired function. In addition, Remax Watch8 works with Alipay for fast and convenient online shopping.

#### Freely talk on the phone and read notifications

The smartwatch allows you to make and receive incoming calls, as well as check your call log. All you have to do is import selected phone numbers into the watch. Remax Watch8 also allows you to read notifications from apps such as Facebook, Twitter, WhatsApp, WeChat, etc. This way you will always be in touch with your loved ones.
