Ref: 5905316143746

USB to USB-C cable LDNIO LS541, 2.1A, 1m (white)

LDNIO LS541 USB to USB-C cable, 2.1A, 1m (white)

Now you can charge your USB-C interface devices in even less time. The LDNIO LS541 cable provides a charging current of up to 2.1 A and allows you to transfer files quickly. It also guarantees safe use and is very robust. Its length is 1 m, so you can comfortably use the devices connected to it.

Resistant to damage

Thanks to its sheath made of environmentally-friendly PVC, the LS541 is extremely robust, flexible and resistant to damage. Even pulling and bending will not frighten it! It is also distinguished by its low susceptibility to wear and tear and will not become tangled. In addition, its most sensitive parts are additionally protected.

Fast and safe charging

Don't waste time waiting for a long time for your devices to be ready for use. The cable offers a charging current of up to 2.1 A, which means it can renew your smartphone's energy in no time. The LS541 also has a built-in smart chip that protects the battery of the connected device from damage.
