

Computer Fan Set Darkflash C6, RGB, 3in1 120x120 (black)

Ref: 5907489606899

Computer Fan Set Darkflash C6, RGB, 3in1 120x120 (black)

Darkflash C6 3-in-1 computer fan kit

Effective cooling and incredibly stylish design? With Darkflash it's possible! The C6 120mm computer fans are equipped with up to 9 blades and thanks to the perfectly thought-out design they work extremely quietly. They are distinguished by RGB backlighting, which you can adjust to your preferences - 20 different color effects allow it. The set includes 3 devices - 1 main fan and 2 subfans.

Create a reliable cooling system

The 120mm fans fit many computer models. The C6 will surprise you with easy installation and reliable operation. Each fan is equipped with 9 blades, which are distinguished by a carefully considered aerodynamic design, ensuring effective cooling of your hardware - forget about the problems with its overheating.

Don't be afraid of noise

Get rid of annoying noise. High-performance hydraulic bearings have reduced the noise level of the fans to less than 20.3dB (A). They also made it possible to significantly extend the product's service life. Moreover, special anti-vibration pads provide the required stability. All this makes it possible for you to enjoy a quiet and comfortable gaming experience with Darkflash!

Style RGB backlighting

Colorful backlighting of the fan blades provides an amazing effect. You can control the RGB mode with the Reset button. Want to customize the light according to your preference? It's possible! The windmill supports up to 20 fantastic lighting effects. Discover the available functions and give your computer the unique character of your dreams!
