

Computer Power Supply Aigo AK600 RGB (black)

Computer Power Supply Aigo AK600 RGB (black)

Ref: 6926170089147

Darkflash AK600 RGB Computer Power Supply

Take care of your computer's constant power supply. The Darkflash AK600 power supply is distinguished by its rated power of 600 watts, and a quiet 12 cm diameter fan will provide it with a constant supply of air, cooling the device while it works. A high-end circuit board and capacitor ensure its stable operation. The product is also characterized by durability and safety of use. Colorful RGB backlighting gives it a unique gaming character.

Reliable fan

The device is equipped with a 12-centimeter fan that provides effective cooling. What's more, the intelligent temperature control circuit makes the product more durable and works extremely quietly. You won't be annoyed by the loud noise!

Improved design

Enjoy reliable power supply performance. The AK600 has an excellent quality high voltage electrolyte capacitor and an internal power source circuit board. All this ensures stable operation of the device. The product also supports the latest quad-core, dual-core Intel AMD and other processors.

Robust

The AK600 power supply will serve you well for a long time. It is made of galvanized steel plates, making it durable and resistant to damage. It is also protected against short circuit, overload, overvoltage, overcurrent and under-voltage.

Plenty of possibilities

The product is matched to modern graphics cards and comes with 2 VGA 6+2 Pin cables, so it can handle up to 2 graphics cards independently. You will also find the necessary cabling included, with which you can easily connect the power supply to your computer and all its components.

Manufacturer

Darkflash

Model

AK600

Maximum power

600 W

Type

Non-modular

Input voltage

200-240 V

Input frequency range

50/60 Hz

Dimensions

140 x 150 x 86 mm

Weight

1.3 kg

Cooling system

120 mm, hydraulic bearing

MTBF

> 20,000 h

Operating temperature

0-45°C

Output interface

M/B 20 + 4 Pin x1, CPU 4 + 4 Pin x1, PCI-E 6 + 2 Pin x2, SATA x4, IDE x2

Preço:

€ 47.50

Jogos, Power Supply
