

Headlight Superfire HL05-D, 110lm, USB

Headlight Superfire HL05-D, 110lm, USB

Ref: 6956362995987

Superfire HL05-D flashlight

Super comfortable and compact headlamp by Superfire will work in all conditions. Ideal during evening hikes, camping and other activities. Thanks to the small weight (only 50g) you can forget that you have it on you. It is adjustable and you can set the angle of its light according to your needs. It is water and drop resistant, for greater freedom of use, and the capacious battery allows you to work up to 4 hours on a single charge.

Customize its operation to your needs

The headlamp has five modes: high brightness, low brightness, white strobe, red strobe and SOS. This allows you to adjust the type of light to the situation you are in. In addition, you can also adjust the angle of its light from 0° to 45°, adjusting its operation to your own needs.

For different weather conditions

Camping, hiking in the rain? In these and similar situations, the Superfire headlamp will come in handy. The HL05-D is IP44 waterproof, so you can use it even in the rain without worrying about damaging it. In addition, it is resistant to falls up to 1m.

Long working time

The flashlight is equipped with a 500 mAh battery that provides up to 4 hours of use on a single charge. If you want to recharge it, use the USB cable included in the package. It only takes an hour for the headlamp to be ready to work again.

Long-lasting comfort

The flashlight is designed for long-term use. Its lightweight design makes it comfortable, and the strap is made of skin-friendly materials and is adjustable to fit your needs.
