

## Wireless outdoor solar powered strobe light siren PGST PE-52

Ref: 5905316146495

Wireless outdoor solar powered strobe light siren PGST PE-52

PGST PE-523 wireless outdoor solar-powered strobe siren

Do you want even better security for your home? The wireless outdoor siren will be ideal for you! Thanks to its solar power supply, it will be energy efficient and, what's more, it exhibits water resistance. You can connect it to a smoke detector, a gas detector or to your door. Furthermore, the siren will alert you with a light and sound signal.

### Security

The wireless outdoor strobe siren will prove its worth in many situations. From now on, you can be sure that your home is safe in your absence. The PE-523 will also prove its worth in shops, banks, warehouses or other workplaces. In addition, you can safely place the device outdoors, as it is IP65 waterproof.

### Mode of operation

When a thief enters the room, the infrared sensors will detect movement. You will be notified of the entire incident and the siren in the house will sound. What's more, in the event of a gas leak or fire, the sensors connected to the siren will trigger the alarm

### Dedicated app

A dedicated app enables you to use the device. It will give you access to a number of functions, including the ability to switch the device on and off, as well as deactivate the alarm. In addition, the siren will be very convenient to use thanks to its solar power supply.

- Producer
- PGST
- Model
- PE-523
- Power supply
- DC 3.7 V (3.7 V/400 mAh rechargeable lithium-ion battery)
- Maximum output
- 5 V / 150 mA
- Maximum alarm current
- ≤ 170 mA
- Wireless reception distance
- ≥ 100 m
- Ambient humidity
- ≤ 80%
- Standby current
- ≤ 1 mA
- Standby time
- ≥ 15 days
- Wireless reception frequency
- 315 MHz / 433 MHz
- Operating temperature
- -30 ~ 70 °C
- Noise level
- 110 dB
- Reception code
- PT2262/EV1527
- Dimensions
- 262.2 × 194 × 63.3 mm
- Colour
- White
- Application
- Tuya
