

Wireless Bluetooth speaker EarFun UBOOM

Wireless Bluetooth speaker EarFun UBOOM

Ref: 6974173980077

EarFun UBOOM Bluetooth Wireless Speaker

The Bluetooth wireless speaker by EarFun is perfect not only at home, but also at an outdoor party or while traveling. It provides excellent quality surround sound and has a runtime of up to 16 hours on a single charge. You can connect it to the device of your choice in 2 ways - via 3.5mm AUX cable or Bluetooth. The speaker is extremely lightweight, portable and waterproof to IPX7 level.

High-quality sound

Enjoy stunning, clear and natural sound. The UBOOM speaker is equipped with 45mm drivers and its output power is 2x 12W. The device can provide rich in detail surround sound and strong, deep bass. You can successfully use it for example at a party. You can also wirelessly pair 2 speakers together to get a fantastic stereo effect.

2 connection possibilities

There are 2 ways to connect the speaker to the device of your choice. For example, you can use a 3.5mm AUX cable (not included). Do you like the freedom of wireless solutions? Connect to the speaker with reliable Bluetooth 5.0 and enjoy fast, stable transmission with a range of up to 30m! The product is compatible with smartphones, tablets and laptops, among others.

Up to 16 hours of music playback

Listen to your favorite songs even throughout the day. A speaker that runs out of power too quickly will not ruin your plans! The device is equipped with a durable battery with a capacity of 2200mAh, thanks to which its working time reaches 16 hours. To charge it, connect it to a power source using the included USB-C cable. It will only take about 4 hours!

Lightweight, portable waterproof

EarFun UBOOM can accompany you almost anywhere. It is so small that you can easily fit it in your backpack or, for example, in a bicycle bottle holder. Weighing only 585g, it will not be an excessive burden. It is also distinguished by IPX7 water resistance. The speaker is also equipped with a small handle, with which you can, for example, attach it to your backpack.

User-friendly

The speaker is extremely easy to use. It has several easily accessible buttons, with which you can, for example, turn it on or off, switch the song, adjust the volume, select Indoor/Outdoor mode and even handle incoming phone calls (when the UBOOM is paired with a smartphone). A built-in LED indicator will let you know the status of the device.
