

## Computer speakers Havit SK202 2.0 RGB (pink)

Ref: 6939119024048

Computer speakers Havit SK202 2.0 RGB (pink)

### Havit SK202 Computer Speakers

Indulge in the best audio experience during gaming sessions and listening to your favorite playlists. The Havit SK202 speakers are equipped with 2.5-inch drivers to produce high-quality sound. What's more, their special tilted design has a positive effect on the sound propagation, and the RGB backlighting gives them a modern gaming character.

### Crystal-clear sound

Looking for speakers that will complement your gaming station, but will also be useful for playing music in excellent quality? The Havit SK202 offer high-end sound thanks to powerful 2.5" drivers. Plus, their upward tilted design allows soundwaves to reach your ears more effectively.

### Modern design

The speakers will blend in perfectly with almost any décor. Their dynamic RGB backlighting will give your desk a gaming character - eye-catching and visually appealing. Opt for a combination of functionality and style - without compromise!

### Convenient use

Operation of the speakers is extremely simple and intuitive. The built-in volume knob allows you to fine-tune the volume, and the 3.5mm

audio port ensures a simple and stable connection with your computer. Moreover, the compact design of the devices makes them not take up too much space.
