ENCHEN Traveller Shaver

The ENCHEN Traveller portable shaver is distinguished by its lightweight, compact design - it can accompany you almost anywhere. It is IPX6 waterproof and cordless - its working time reaches 60 minutes on a single charge. It is equipped with 3 movable blades and a powerful motor, which is responsible for its reliable performance. It is also very simple and convenient to use. The kit also includes a practical storage pouch and a USB-C cable.

Always with you

Do you travel often? The Traveller shaver will be perfect for you! Lightweight and compact - it won't take up much space in your sports bag or backpack. It weighs only 65g - it will not be too much of a burden. You no longer have to give up the opportunity to shave your beard while on a trip! Transport of the device is facilitated by the included pouch.

Fast and close shaving

Say goodbye to unwanted hair. The shaver uses 3 moving blades and a high-performance motor to quickly and effectively eliminate even short, stubborn hairs. What's more, the device perfectly adheres to the skin and adapts to the shape of your face. You don't have to worry about irritation or cuts. No more tedious, time-consuming shaving!

Waterproof

Now you can easily keep your shaver in perfect condition. The device is distinguished by its IPX6 water resistance. So you can wash it under running water without any worries. This way you will effectively get rid of bacteria and dirt. You will also avoid the proliferation of germs, and thus reduce the risk of skin problems.

Cordless operation

What else makes the shaver so good for traveling? The cordless design! Say goodbye to limiting cables and enjoy freedom. The long-lasting battery makes the device last up to 60 minutes. What's more, the USB-C interface allows you to charge the shaver not only with a charger, but also with a powerbank or laptop, for example.

User-friendly

The shaver head is made of high-quality steel, which is completely safe for the skin and non-irritating. What's more, the device feels great in the hand and is distinguished by a pleasant-to-touch matte texture. Its convenient operation is facilitated by a large button and indicator. In addition, the charging port of the shaver has been additionally protected, so no dust or other contaminants can get into it.
