Ref: 6936761824118

Orico CD2D-AC2-BK-EP TF/SD memory card reader, USB + USB-C (black)

Orico CD2D-AC2-BK-EP TF/SD memory card reader, USB + USB-C (black).

Conveniently manage your files. Orico's memory card reader supports various types of SD and TF cards. It features a USB and USB-C connector and allows data transfer at speeds of up to 480 Mbps. Its supported capacity is as high as 2 TB and stands out for its wide compatibility. In addition, its small and durable design means you can carry it with you at all times.

Fast data transfer

The reader features a USB and USB-C interface. It provides extremely fast data transfer at speeds of up to 480 Mbps. This means that you will transfer all the files you need in just a few seconds. In addition, the device supports memory cards with a maximum capacity of 2T.

Wide compatibility

Forget about compatibility problems. The memory card reader is compatible with various SD and TC cards. It works perfectly with many devices, i.e. smartphones, tablets, desktops or laptops. It also supports Windows, Linux and Mac systems. Practically nothing stands in your way!

Practical solution

Transferring files has never been easier. Now you can conveniently transfer photos or videos from your memory card directly to your phone - just make sure your device supports OTG function. You don't even need an internet connection!

Rugged design

The small size and exceptional light weight mean that you can have the reader always at hand - it weighs only 12 g. You can easily put it in your purse, backpack or even pocket. What's more, its design is distinguished by incredible durability - the device meets USB-IF standards.
