Soundpeats RunFree Lite headphones (black)

Are you a physically active person? Do you need reliable earphones that work in any situation? The Soundpeats RunFree Lite headphones will be perfect for you! Thanks to their special design, with the headband running at the back of your head, they will be more comfortable to use. What's more, they guarantee an unforgettable sound experience, and thanks to IPX4 water resistance they won't be intimidated by splashes of water! They also use Bluetooth 5.3 technology, so transmission is reliable and you don't have to worry about interference. With Soundpeats you will get to know your beloved songs all over again!

Excellent sound quality

RunFree Lite will delight you with excellent sound quality, as they are equipped with a 16.2mm driver and patented bass enhancement technology. As a result, your beloved songs will draw you in with even greater force! What's more, they also use special directional transmission technology. Now you can play music without worrying that the person sitting next to you will hear what you're listening to.

Comfort of use

Soundpeats headphones also guarantee unparalleled comfort. One earphone weighs just 28g, which means it won't be a burden on your ears. RunFree Lite are specially designed for physically active people, so the headband connecting the headphones is located at the back of your head for greater comfort. What's more, with the open ear design, you'll remain aware of your surroundings while enjoying your

music.

Easy control

The touch panels that the headphones are equipped with will make it easy to control. Using them, you can answer calls, pause or resume music playback. And that's not all! From today you no longer have to reach for your phone every time.

Wireless connection

The RunFree Lite headphones use Bluetooth 5.3 technology to provide a fast and more stable connection with lower power consumption. What's more, the Mult-Point Connection feature allows you to pair them with 2 devices at the same time! So you can easily switch between them and freely receive incoming calls while watching movies on your computer.

Long runtime

What sets the Soundpeats headphones apart is their long runtime. They are equipped with a 130 mAH battery, so you can listen to your favorite tunes for up to 17 hours! Don't worry, though, when their energy runs out, as you can easily recharge them with the included USB-C cable in as little as 1.6 hours!

Perfect fit and safety

The Soundpeats gadget has been carefully designed. Its headband is made of skin-friendly liquid silicone, so it will be comfortable during various sports. What's more, the headphones also exhibit IPX4 water resistance, which means they won't be intimidated by sweat or light rain. No longer do you have to give up running or hiking during inclement weather!
